 Bienvenido Bones Bañez Jr.

---

From John Milton Prophecy at WAH Center Art World: Here is the link to the latest iteration of From John Milton Prophecy at WAH Center Art World: Here is the link to the latest iteration of *John Milton in Outer Space*. It includes Miltonist Biblical scholar Bienvenido Bones Banez's Verses on Diversity. Also the chapters argue why humanity and especially Western civilization is on the verge of extinction.

I sent it to Milton Lists. That is a discussion group of mostly professors who teach Milton. I told them, "You will see why you will all need to get jobs as taxi drivers or flipping hamburgers at McDonald's in a few years when they eliminate the humanities as we used to know it. Do not

humanities as we used to know it. Do not kill the messenger please! Whether you believe any of the ideas or not, you might be amused."

I would expect them to bounce me off the list. So much for Milton's Free speech!...."**I cannot praise a fugitive and cloistered virtue, unexercised and unbreathed, that never sallies out and sees her adversary, but slinks out of the race where that immortal garland is to be run for, not without dust and heat. "** — John Milton, **Areopagitica**

Book is about 1/4 complete. After that I do the illustrations. Can Milton "make humanity great again?" We will see!
